

Outsourcing

by Asec Group

We can be a piece of your puzzle

By outsourcing processes that are not part of your "core business", you will free time enabling you to concentrate on strategic planning which will benefit the company and will also bring flexibility to the business.

What is Outsourcing?

Outsourcing or sub-servicing, can be described as contracting services from a third party; "farming out" goods and services from outside suppliers, instead of producing them in-house.

It is a strategic business move, a phenomenon, that is being used more and more each day by all kinds of companies whether large or small, of a

variety of activities and all over the world. Especially in times of crisis companies need to restructure and have the certainty that by outsourcing administrative functions, they can focus on their "core business", do what they know best, and gain profitability at the end of the day.

What are the benefits of Outsourcing?

The Number **1** benefit of outsourcing is :

COST REDUCTION

But there are other advantages of this strategy which are not usually visible to the naked eye, these are:

- ~ Greater efficiency
- ~ Economies of Scale
- ~ Time to concentrate on other areas of the business
- ~ Specialization skills applied to the service
- ~ Quality
- ~ More adequate use of people
- ~ Less office space
- ~ Flexibility
